# Rachel Schutt

A Humanist Approach to Data Science

Rachel Schutt, Ph.D., is a managing director at BlackRock, where she is the global head of data science. Formerly the chief data scientist of News Corp and a statistician in the machine learning and statistics group at Google Research, she co-authored the book *Doing Data Science,* based on the Introduction to Data Science class she created and taught at Columbia University. Her expertise is in the areas of corporate data strategy, data science, and data science education and curriculum design.

Thursday, March 22
Stoddard Hall G2
5 p.m.
